General Comment

Upon consideration of the proposal for a new AVA which is partially resident in Mendocino County and after receiving notice of the revised name "Pine Mountain - Cloverdale Peak" and upon being made aware that (1) the new appellation will not encroach on any sub-appellation within Mendocino County other than the county appellation and the "Mendocino" American Viticultural Area and (2) the new appellation is intended to make it easier to denote the vineyard land within its boundaries and promote the grapes and wines that may be derived therein, I therefore support the application for said AVA within Mendocino County.
